FEATures FEATures FEATures FEATures FEATures

In this issue: SCI-FI & FANTASY, THE GREAT ESCAPE!

The comics have long been mining the twin genres of Sci-Fi and Fantasy for decades, and that is still the case today, with dozens and dozens of strong, well-written, masterfully illustrated graphic adventures released every month. To celebrate the Sci-Fi and Fantasy genres, we've put together a recommended reading list of some of the best SF/F graphic novels available today. Any of these selections will make for a perfect "great escape" for those crisp fall evenings!

FS-1 The Tale of the Tales: Classic Horror Anthologies

With Halloween right around the corner, ***PREVIEWS*** takes another look at one of the great (and greatly missed) genres of comic books: the horror anthology! There's an art and a science to unfolding a tale of terror in a finite number of short pages, and from the 1950s on into the '70s and early '80s, titles like *Tales from the Crypt*, *The Thing!*, *Adventures into Darkness*, *Strange Tales* and many more, terrified and delighted us with four- to five-page stories of monsters, mayhem and menace! Updated for 2013, the ghouls at ***PREVIEWS*** have gathered together another essential list of horror anthology collections for you to enjoy this Halloween and throughout the year!

THE HORROR, THE HORROR...

EDITOR'S note

Halloween was always one of my favorite holidays back in the late '60s and early '70s... dressing up as my favorite monster and setting off into the night with my friends from the neighborhood, trekking from house to house in search of treats (and hopefully no tricks!). Those were good times, back in Citrus Heights, California. And a *looong* time ago. Now I typically spend most Halloween night's watching classic horror movies. But this year I'll be seeing my favorite singer/songwriter in the whole darn world, Neko Case (*nekocase.com*), in concert in Washington, DC. On Halloween night, of all nights!

But getting back to Halloween... another part of my Halloween prep/enjoyment has always been Horror Comics. And for the past couple of years I've used the FlipSide of this October cover-dated catalog to promote some of my favorite collections of classic horror tales, and this year is no exception! I've updated the list and added new volumes for your reading pleasure. So check it out, and get ready to add some more thrills and chills to your collection!

In other Halloween-related news, be sure to get out to your local comic shop on October 26 and 27 for the second annual *Halloween Comic Fest*! Participating retailers will have a variety of free comics as treats for their loyal customers and first-time attendees alike, along with the possibility of store specials, special guests, and other surprises (your experience may vary by store)! See page 27 for all the details on this year's comics!

And if you're a cosplayer or just like to dress up for Halloween, be sure to check out our "Greatest Costume Contest Ever" for a chance to win a $500 gift certificate to your local comics shop. You'll find all of the details to the contest beginning on page 30 of this issue, or go to *halloweencomicfest.com* for more information!

Elsewhere in this issue, we're celebrating the worlds of Sci-Fi and Fantasy with selections of great comics and graphic novels that take their readers to new worlds of adventure. We've got some great genre titles for your inspection on page 232, and you can look for our SF/F icon throughout this issue for more great reads!

For you toy collectors out there — especially those of you who are into Japanese imports — be sure to check out our new "Treasures of Akihabara" section (page 450), featuring some of the latest and greatest anime and manga-inspired collectibles from Japan. Akihabara is Japan's "nerd heaven", a shopping district filled with street after street of toy, anime, manga, and electronics shops catering to all types of fans or otaku, and aside from traveling there yourself, our "Treasures" section is the next best thing!

And finally, don't forget to check out our new Underground Toys section featuring all the latest *Doctor Who* and Star Wars collectibles from the UK (page 452), and our *Naruto* section (page 470) featuring all of your ninja collectibles needs based on the hit anime series!

That is IT for this issue! Until next time then, have a *Happy Halloween*!

Your Pal @ ***PREVIEWS***,

Marty

This month's featured creators is...

J. MICHAEL STRACZYNSKI

J. Michael Straczynski has written nearly three hundred comics (among them *The Amazing Spider-Man* and *Thor*) and another three hundred produced television episodes (also creating *Babylon 5* along the way), worked on five produced movies (*Changeling*, *Thor*, *Ninja Assassin*, *Underworld: Awakening*, and *World War Z*), and picked up dozens of awards, including the Eisner, the Hugo (twice), the Inkpot Award, the Ray Bradbury Award from the Science Fiction and Fantasy Writers of America, the Saturn Award, and two Emmys for *B5*, and was just presented with the Icon Award at this year's San Diego Comic-Con.

J. Michael Straczynski, what are your favorite projects you've contributed to over the past decade?

That depends on how you define *project*, meaning in or out of Comics. In Film, it's definitely *Changeling*, the movie I wrote that Clint Eastwood directed, with the *Thor* movie coming in second. In comics, it's the *Superman: Earth One* (FEB130226) books, because I'm a massive Superman geek and the chance to sort of reinvent that character and that world has been one of the high points of my career. I'm also ridiculously proud of how well *Silver Surfer: Requiem* came out.

What are you currently working on?

A bunch of stuff! We launched Studio JMS last July, and we're deep in the writing and prep stages for our first TV series, *Sense8*, which I co-created and am writing alongside the Wachowskis (*The Matrix, Cloud Atlas*). I also have a couple of other series in development. In May we re-launched the Joe's Comics imprint via Image, so I'm writing three monthly titles for that — ***Ten Grand***, ***Sidekick***, and ***Protectors, Inc.*** (SEP130489), and planning out the next three new titles for 2014. I'm also doing two twelve-issue maxi-series, one for Dark Horse — ***Terminator: The Final Battle*** (solicited in this issue, Page 36!) — which is very exciting for me because I've been a Jim Cameron/*Terminator* fan from the day I saw the first film; and ***The Twilight Zone*** for Dynamite, which is also very exciting. Other than that, it's pretty quiet.

Terminator: The Final Battle #1 (See Page 36!)
Ten Grand Vol. 1 TP (SEP130560)
Sidekick #1 (JUN130425)
Protectors, Inc. #1 (SEP130489)

What fun indie comics are you reading?

I enjoy *Mice Templar* (JAN130503), and (obviously) *The Walking Dead* (APR130482), *THUNDER Agents* (AUG110252) if only for the nostalgia value, *Abe Sapien* (JAN120075), the *Dr. Solar* (JUN100018) and *Vault of Horror* (SEP130078) archives from Dark Horse, and *Shadowman* (FEB131168) from Valiant. I just picked up a bunch of indie graphics titles to add to the reading pile. The stack of comics beside my couch is so high that it threatens to engulf the house at any moment. I desperately need to catch up, but given deadlines I probably won't have a chance to do that until fall 2014.

The *Game of Thrones: Map Marker Set* comes with a cloth map that measures 35 1/2" x 50" and six army markers that stand up to six inches tall. With these in hand, you can plan your own campaign to conquer Westeros and jockey for the Iron Throne!

--WE CAN FINALLY WIN THIS WAR ONCE AND FOR ALL.
THIS IS THE BATTLE I WAS BORN FOR.
THE BATTLE A LOT OF GOOD MEN AND WOMEN DIED FOR.
JOHN--
--SO THEY'VE ACTUALLY GOT IT RUNNING? THE TIME DOOR?
ALMOST, SIMON. INTELLIGENCE REPORTS INDICATE THEY'RE STILL GETTING THE CORE ONLINE AND WORKING OUT THE BUGS, BUT IT SHOULD BE OPERATIONAL PRETTY SOON.
IT'S ESSENTIAL THAT WE CAPTURE THIS FACILITY INTACT AS SOON AS THE TIME DOOR GOES ONLINE. IF IT'S DAMAGED OR DESTROYED DURING THE BATTLE, IT'S USELESS TO US AND THE WAR IS LOST.
EVERYTHING WE'VE BEEN BUILDING TOWARD FOR THE LAST TWENTY YEARS DEPENDS ON WHAT WE DO IN THE NEXT FEW DAYS. WE TAKE THAT FACILITY AND WE HOLD IT AS LONG AS NECESSARY NO MATTER WHAT THEY THROW AT US.
NO MATTER THE COST, NO MATTER THE PAIN... NO MATTER THE DEATHS.
EVEN IF THAT DEATH IS MY OWN.
KEEP FIGHTING.
DON'T STOP.

GAME OF THRONES

GAME OF THRONES: MAP MARKER SET WITH MAP

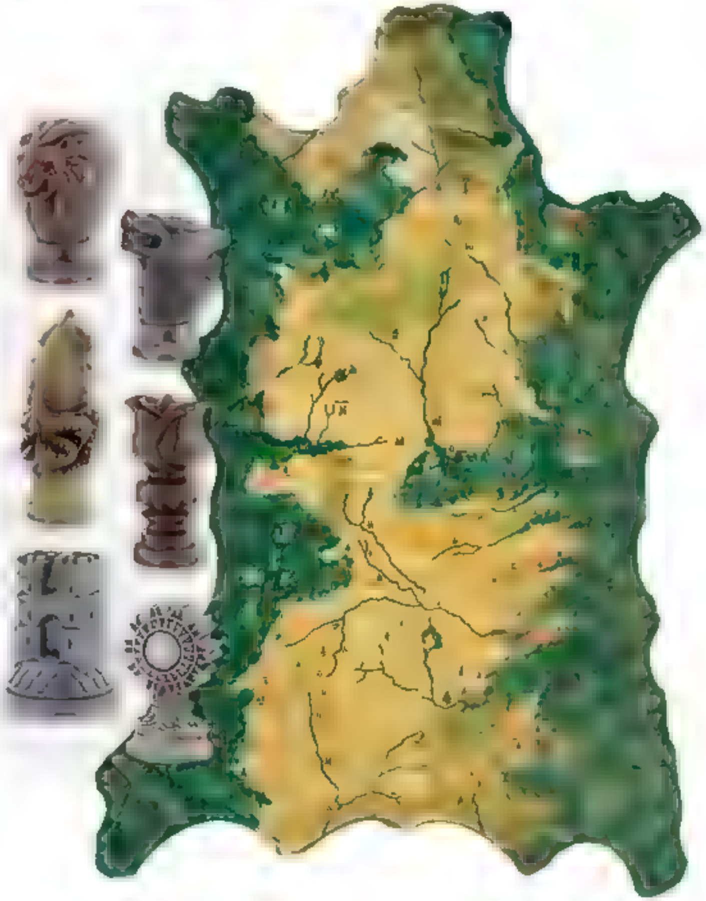
ON SALE APR 16

SIX MAP MARKERS RANGE FROM 4.5" TO 6" IN HEIGHT
MAP IS 50" X 35.5" CLOTH MATERIAL
$199.99

In the HBO adaptation of *Game of Thrones*, we see Robb Stark plotting the movements of opposing armies using a map of Westeros and a set of sculpted map markers, each hewn into a representation of one of the house symbols. We have reproduced these items in their true size, using the actual props as reference.

The six individual map markers range from 4.5" to 6" in height and mimic different materials. Each is handpainted. The map itself is full size, 50" x 35.5" cloth material with a paper backing, reproduced in color. The big size allows the owner to move the map markers in scale and formulate strategic situations or reproduce those from the show.

The map markers and folded map are stored in a deluxe, heavy-duty, 14" x 4.75" x 18" hinged-lid presentation box protected by a full-color, thick-stock sleeve.



GAME OF THRONES: WEIRWOOD SNOW GLOBE

ON SALE APR 16

6.5" TALL, PACKAGED IN A FULL-COLOR COLLECTOR BOX **$99.99**

The weirwood trees are unique to Westeros, distinctive for the smooth white bark on their wide trunks and their blood-red leaves and sap. Most weirwoods have ancient faces carved into their trunks.

An enormous weirwood grows beyond the Wall. This is the subject of our *Game of Thrones* snow globe.

The sculpture is finely detailed. The definition of the tiny red leaves and branches in the blowing snow is striking. The old carved face is wise. The glass sphere is 120 mm in diameter, with the sculpted base, it is 6.5" high. Beautifully packaged in a full-color collector box.

Limited edition of 1,000 pieces, includes a Certificate of Authenticity.

Not final product.

Can Greg survive in a celebrity-obsessed world that wrongly believes he's indestructible? **Jeff Kline** (*Transformers Prime, G.I. Joe Renegades*) explores this comedic take on a reluctant hero, and contemplates what is required to be considered "special" in a world where fame can come and go faster than a speeding bullet.

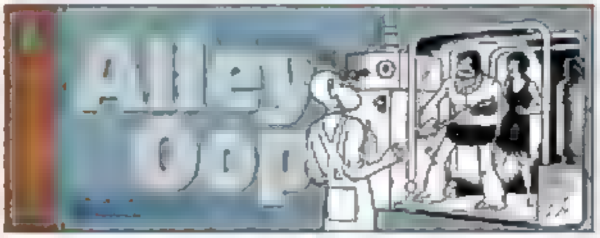
LOAC ESSENTIALS, VOL. 4: ALLEY OOP 1939



In 1939, **Vincent Trout Hamlin** had been writing and drawing the successful *Alley Oop* for more than five years. In *Alley Oop* Hamlin created a unique concept with a rollicking style of storytelling and drawing that was simultaneously serious, fantastic and loaded with slapstick.

This volume features Oop's final Moo adventure, followed by his trips to the 20th Century and ancient Greece. Hamlin would send his characters everywhere and everywhen – but the classic Alley Oop begins with the stories contained in this volume.

ARE YOU READY TO MAKE...
THE GREAT ESCAPE?

With Summer a recent memory, and the Fall season just beginning, now more than ever is the best time to discover new worlds of adventure. Be it a pre-industrial fantasy world setting populated by all manner of fanciful creatures, or a dystopian future world where the line between man and machine is precariously balanced on a razor's edge, the worlds of Sci-Fi and Fantasy are still one of the great escapes readers can make.

The comics have long been mining the twin genres of Sci-Fi and Fantasy for decades, and that is still the case today, with dozens and dozens of strong, well-written, masterfully illustrated graphic adventures released every month. To celebrate the Sci-Fi and Fantasy genres, we've put together a recommended reading list of some of the best SF/F graphic novels available today. Any of these selections will make for a perfect "great escape" for those fall evenings.

RICHARD STARK'S SLAYGROUND HC

IDW Publishing

Crime comics were born in the fifties and became one of the best selling genres of the decade. Back then crime didn't pay, justice trapped the guilty, and heroes were as tough as nails as were the crooks and killers, compare that to the squeaky clean heroes of crime dramas of the early TV generation.

Darwyn Cooke continues the truly gritty and character-driven crime stories in adaptation of the next Richard Stark novel, *Slayground*, the fourth Parker crime thriller turned into a graphic novel narrative.

After Parker's getaway car crashes after a heist, he eludes capture by breaking into an amusement park that's closed for the winter. A pair of cops observed Parker's job and its aftermath and decide to go into business for themselves, with the help of some "business associates," it becomes a game of cat and mouse, played out through closed rides of the abandoned carnival, a game that slowly starts to favor the mouse. The abandoned amusement part is so film noir and Cooke is the perfect artist to depict the setting and the action within that setting.

By now you should be familiar with Darwyn Cooke's work primarily from his work on pre 52 *Catwoman*, *The New Frontier*, and his run on Will Eisner's *The Spirit*. Previous volumes in the *Parker* series are proof of how well an adaptation can work and, fortunately, all of those volumes remain available from IDW.

This is a dream collaboration between creator and subject. Few of these collaborations are successfully realized – Thomas & Buscema on *Conan*, Joe Kubert on *Tarzan*, Thomas and P. Craig Russell on *Elric*. We all have our wish lists of such projects and with the success of this series who knows what's next. Me, I'm waiting to see Robert Parker's Spenser, Mickey Spillane's Mike Hammer, John D. McDonald's Travis McGee, or Louis Lamour's Sackett series adapted.

Any Richard Stark graphic novel from IDW Publishing is on my must buy list, and I'm waiting for my SDCC 2012 copy of *The Score*.

Hunt this one up at your local comic book shop – it's a steal!

GODZILLA: RULERS OF EARTH TP
IDW Publishing

Everyone dreams of something when they sleep at night. Some people dream of sheep, some dream of a vacation on a tropical island, and some dream about terrorizing cities filled with helpless screaming human beings. Who dreams of that you ask? Godzilla does. Godzilla is the type of animal the Baltimore Orioles' slugger Chris "Crush" Davis would have as a pet.

Godzilla dreams of destruction and DW is bringing more of Godzilla's dreams to print with their new trade paperback, *Godzilla: Rulers of Earth*, but there is a difference.. Godzilla is not the only show in town. Plenty of other *kaiju* are setting up shop and fighting for destruction dominance, not entirely unlike holiday gift buyers at the big box stores during Black Friday. Will Godzilla come out on top as *kaiju* supreme? Pick up a copy and find out for yourself, just keep it away from the map books on your shelf

Godzilla is what the Hulk would turn into if the Hulk had the same friends as Alex Rodriguez.

He's mean, he's green, he's the original *kaiju*.

Based on Meteor Entertainment's Free-to-Play, Massively-Multiplayer online shooter HAWKEN—an immersive, fast-paced game featuring giant mechs on a technologically advanced world—this original graphic novel serves as both a prequel and sourcebook for the game world. It offers players a glimpse of what came before the game and what might come in the months ahead. HAWKEN: GENESIS focuses on the relationship between Lazlo, the man who would be king, and James Hawken, the brilliant inventor who paved the way for Lazlo's success. What begins as a mutually beneficial partnership developing magnificent technology for the planet's largest corporation state devolves into betrayal and conflict that soon leads to a man-made catastrophe that changes the face of the planet forever. Order with new [illegible] series HAWKEN: MELEE.

> "HAWKEN is a graphic novel produced with a kind of confidence about what is both visually and narratively appealing to pop culture right now, and poses the suggestion that full immersion in a narrative world is a common feature of both gaming and comics."

PANG THE WANDERING SHAOLIN MONK VOLUME 2 HC

ICU Press

Calling all *Usagi Yojimbo* readers, kung-fu fanatics, and history buffs! Perhaps you missed when creator Ben Costa won a Xeric Grant and published volume 1 of *Pang the Wandering Shaolin Monk* [AUG10 056]. Don't make the same mistake twice, not when *Pang* volume 2 is available through this month's catalog!

A sheltered soul raised from infancy in a seventeenth century Buddhist monastery, Pang is caught up in the bloody tides of history. Aristocratic Chinese military families vie for control of the Middle Kingdom, segregating the population by race, religion, and loyalties. Shaolin monks, famed for their fierce fighters and their allegiance to the deposed power, die by the thousands in raids on their remote temples. Through it all the reader follows Pang, an innocent in the conflict, as he gains greater understanding of not just the politics that left him injured and homeless, but the people and the world outside his brotherhood.

Creator Ben Costa structures his story in a way that welcomes folks who don't know the first thing about feudal Chinese history without ever talking down to the reader or pulling his punches. Walking hand in hand with Pang, the reader learns as he learns and understands when those around him explain. The plot unfolds like a child growing up, starting in security, growing in awareness of trouble in his family, interacting with strangers, relying on new friends, traveling further from home, making the best possible decisions with limited knowledge—Pang sought enlightenment within his home, but it is outside the smoldering remains of his temple that he and the reader will find understanding of his place in history.

Christos Gage Tells Fan Favorite Character Happy Kitty's Origin Story

From the ashes of the Polymath's rampage comes the first special origin issue of everyone's favorite character, Happy Kitty! Gage is joined by fan-favorite artist Paul (Freakangels) Duffield who illustrates and colors this issue. She's just an average teenage girl who likes to play violent video games with one small exception. She's also an Enhancile with the gift of agility and precognition that was raised by killers and likes to cut bad people up into tiny cat nip sized bits. Before Happy Kitty finds her new way in life as an enforcer for John Dusk, we are treated to a unique story that reveals how a special little girl became the most ruthless assassin Japan has ever known. I bet the story is killer... hehehehe. Available with Regular, Video Game, Japanese Art, and Character Design Retailer Incentive covers by series artist Paul Duffield.

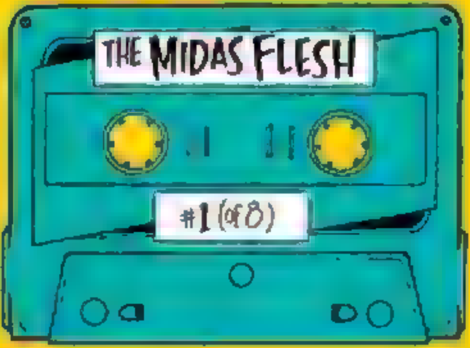
FROM THE CREATIVE TEAM WHO BROUGHT YOU THE ADVENTURE TIME™ COMIC...



[illegible]

> WHY WE LOVE IT

We have been having so much fun with writer Ryan North (Dinosaur Comics, To Be Or Not To Be: That Is The Adventure) on ADVENTURE TIME that we couldn't resist the opportunity to publish a new original idea of Ryan North's original.

> WHY YOU'LL LOVE IT

We've all heard of the Midas touch. You know, the Greek Mythology about the man who did a number on himself by wishing for everything he touched to turn to gold? Who better to turn that tale on its head with a heavy dose of sci-fi than Ryan North? Also, did we mention the Velociraptor?

> WHAT IT'S ABOUT

Fatima and her space crew have decided to return to Earth – a planet completely sectioned off, abandoned, and turned to gold – to find out exactly what happened to this once thriving planet and see if they can use that knowledge against the evil empire that's tracking them down. As luck would have it, they just landed the most powerful weapon in the universe: some ancient dead guy's body.

AN INTERVIEW WITH CHRIS ROBERSON

What is it about Doc Savage that appeals to you?

Chris Roberson: In the course of my comics career, I've been lucky enough to work on nearly every character and series that mattered the most to me growing up. Doc Savage is one of the final characters left on my bucket list. Growing up in the 70s, it was impossible to miss the Doc Savage reprints in every bookstore and every newsstand with those striking covers. Doc quickly became and remained my absolute favorite of all of the pulp heroes and the stories of Lester Dent were a huge influence on my own writings.

How would you describe your take on Doc Savage, the Man of Bronze himself?

Chris Roberson: Clark Savage, Jr., better known to the world as Doc Savage, is a man trained from the cradle to be as close to perfect as any human can get, both mentally and physically. He has dedicated his life to the pursuit of knowledge and justice, and travels the world fighting oppression. He never lies and doesn't kill and sees crime as an illness that can be cured.

In many ways, Doc Savage was one of the most significant precursors of comic book superheroes (and action heroes of the 20th century in general), and you can see elements of the character in everything from Superman to the Fantastic Four to James Bond.

How would you describe your storyline?

Chris Roberson: The story we're telling is pretty sweeping in scope. We start in 1933, soon after Doc Savage made his first public appearance. The next issue takes place in the late 1940s, shortly after the last published issue of the Doc Savage pulp magazine. The third issue jumps forward to the early 1960s, and so on. Each of these issue will be self-contained adventures that gradually piece together into one larger story spanning some 80 years.

The approach we're taking is that just because the magazine was no longer being published, doesn't mean that Doc wasn't still out there saving the world. He's been at it all this time, and we've got eight issues to catch up with him and see what he's been up to.

HARK! A VAGRANT HC

(W/A/CA) Kate Beaton
Hark! A Vagrant is an uproarious romp through history and literature seen through the sharp, contemporary lens of *New Yorker* cartoonist and comics-sensation Kate Beaton. No era nor tome is left unscathed as Beaton rightly skewers the Western World's revolutionaries, leaders, sycophants, and suffragists while equally honing her wit on the hapless heroes, heroines, and villains of the best-loved fiction. In just four years, Beaton has taken the comics world by storm with her non sequiturs, cheeky comebacks, and irreverent punchlines. (STK450234)

THE PROPERTY HC

After the death of her son, Regina Segal takes her granddaughter Mica to Warsaw, hoping to reclaim a family property lost during World War II. As they get to know modern Warsaw, Regina is forced to recall difficult things about her past and Mica begins to wonder if maybe their reasons for coming aren't a little different than her grandmother led her to believe. Rutu Modan offers up a world populated by prickly seniors, smart-alecky public servants, and stubborn women -- a world whose realism is expressed alternately in the absurdity of people's behavior and in the complex consequences of their sacrifices. SUSCEPTIBLE HC
(W/A/CA) Genevieve Castree
Geneviève Castrée has long been beloved for her mini-comics, comics, visual art, and music. There is a unique quality to all of her artistic endeavors — quiet, serene, depressing. Castrée's keen eye for detail and her fearless ability to probe the depths of her troubled past make *Susceptible* a stirring portrait of an artist coming into her own. *Susceptible* is the story of Goglu, a daydreamer growing up in Quebec in the '80s and '90s with a single mother. From a skillful artist comes a moving, beautiful story about families, loss, and growing up.

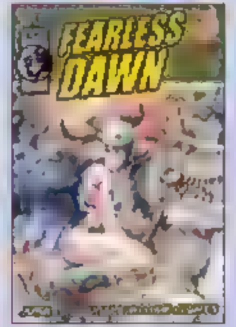
FEARLESS DAWN: JURASSIC JUNGLE BOOGIE NIGHTS #1

Asylum Press



Steve Mannion's *Fearless Dawn* has been working her way back into the spotlight this year. If you have ever seen the TV show *Venture Bros.* on Adult Swim then you'll feel right at home with *Fearless Dawn*. The book's villains are just as quirky and over the top as the Monarch or Phantom Limb from *Venture Bros.* but the real focus is on our alluring fighter heroine. Mannion's art has also been showcased in *Detective Comics*, *Batman Black & White*, and *Captain America Sentinel of Liberty*. In *Fearless Dawn* his stylish artwork lends Dawn her sex appeal and brings a lot of humor to the title.

n May's **PREVIEWS** we were treated to *Fearless Dawn in Outer Space*, pitting our heroine against an army of Space Nazis and now we're getting a second helping with *Fearless Dawn: Jurassic Jungle Boogie Nights #1*. After the events of *Fearless Dawn in Outer Space*, the Nazis are settled in back on Earth, and it is going to be up to Fearless Dawn to take the fight to them. Will Dawn be able to put a stop her archenemy Helga Von Krause and her army of genetically engineered dinosaurs from rampaging across the Earth?

Rejected by the prejudiced "norms" and forcibly kept away from the city by the Judges, the mutants have had no choice but to live in the vast, radioactive wasteland known as the Cursed Earth. Harboring resentment and hatred against those that have exiled them, bands of mutants now prey on those that stray from behind the city walls — and sometimes even launch all-out attacks in a bid to gain entry to the Big Meg. RICHARD STARK'S SLAYGROUND HC

IDW Publishing

Crime comics were born in the fifties and became one of the best selling genres of the decade Back then crime didn't pay, justice trapped the guilty, and heroes were as tough as nails as were the crooks and killers, compare that to the squeaky clean heroes of crime dramas of the early TV generation.

Darwyn Cooke continues the truly gritty and character-driven crime stories in adaptation of the next Richard Stark novel, *Slayground*, the fourth Parker crime thriller turned into a graphic novel narrative.

After Parker's getaway car crashes after a heist, he eludes capture by breaking into an amusement park that's closed for the winter. A pair of cops observed Parker's job and its aftermath and decide to go into business for themselves, with the help of some "business associates." It becomes a game of cat and mouse, played out through closed rides of the abandoned carnival, a game that slowly starts to favor the mouse. The abandoned amusement part is so film noir and Cooke is the perfect artist to depict the setting and the action within that setting.

By now you should be familiar with Darwyn Cooke's work primarily from his work on pre 52 *Catwoman*, *The New Frontier*, and his run on Will Eisner's *The Spirit*. Previous volumes in the *Parker* series are proof of how well an adaptation can work and, fortunately, all of those volumes remain available from IDW

This is a dream collaboration between creator and subject. Few of these collaborations are successfully realized -- Thomas & Buscema on *Conan*, Joe Kubert on *Tarzan*, Thomas and P. Craig Russell on *Elric*. We all have our wish lists of such projects and with the success of this series who knows what's next. Me, I'm waiting to see Robert Parker's Spenser, Mickey Spillane's Mike Hammer, John D. McDonald's Travis McGee, or Louis L'amour's Sackett series adapted.

Any Richard Stark graphic novel from IDW Publishing is on my must buy list, and I'm waiting for my SDCC 2012 copy of *The Score*.

Hunt this one up at your local comic book shop – it's a steal.

FEARLESS DAWN: JURASSIC JUNGLE BOOGIE NIGHTS #1

Asylum Press

Steve Mannion's *Fearless Dawn* has been working her way back into the spotlight this year. If you have ever seen the TV show *Venture Bros.* on Adult Swim then you'll feel right at home with *Fearless Dawn*. The book's villains are just as quirky and over the top as the Monarch or Phantom Limb from *Venture Bros.* but the real focus is on our alluring fighter heroine. Mannion's art has also been showcased in *Detective Comics*, *Batman Black & White*, and *Captain America Sentinel of Liberty*. In *Fearless Dawn* his stylish artwork lends Dawn her sex appeal and brings a lot of humor to the title.

In May's **PREVIEWS** we were treated to *Fearless Dawn in Outer Space*, pitting our heroine against an army of Space Nazis and now we're getting a second helping with *Fearless Dawn: Jurassic Jungle Boogie Nights* #1. After the events of *Fearless Dawn in Outer Space*, the Nazis are settled in back on Earth, and it is going to be up to Fearless Dawn to take the fight to them. Will Dawn be able to put a stop her archenemy Helga Von Krause and her army of genetically engineered dinosaurs from rampaging across the Earth?

MARCH BOOK 1 GN

(W) John Lewis, Andrew Aydin
(A/CA) Nate Powell

Congressman John Lewis (GA-5) is an American icon, a man who has witnessed history in the making and helped make history himself as one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Lewis shares his remarkable story with new generations in *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and artist Nate Powell. *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. Book One spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. In *March*, a true American icon joins with one of America's most acclaimed graphic novelists. Together, they bring to life one of our nation's most historic moments, a period both shameful and inspiring, and a movement whose echoes will be heard for generations. (STK529383)

PANG
THE WANDERING SHAOLIN MONK VOLUME 2 HC
ICU Press

Calling all *Usagi Yojimbo* readers, kung-fu fanatics, and history buffs! Perhaps you missed when creator Ben Costa won a Xeric Grant and published volume 1 of *Pang the Wandering Shaolin Monk* [AUG101056] Don't make the same mistake twice, not when *Pang* volume 2 is available through this month's catalog!

A sheltered soul raised from infancy in a seventeenth century Buddhist monastery, Pang is caught up in the bloody tides of history. Aristocratic Chinese military families vie for control of the Middle Kingdom, segregating the population by race, religion, and loyalties. Shaolin monks, famed for their fierce fighters and their allegiance to the deposed power, die by the thousands in raids on their remote temples. Through it all, the reader follows Pang, an innocent in the conflict, as he gains greater understanding of not just the politics that left him injured and homeless, but the people and the world outside his brotherhood.

Creator Ben Costa structures his story in a way that welcomes folks who don't know the first thing about feudal Chinese history without ever talking down to the reader or pulling his punches. Walking hand in hand with Pang, the reader learns as he learns and understands when those around him explain. The plot unfolds like a child growing up: starting in security, growing in awareness of trouble in his family, interacting with strangers, relying on new friends, traveling further from home, making the best possible decisions with limited knowledge—Pang sought enlightenment within his home, but it is outside the smoldering remains of his temple that he and the reader will find understanding of his place in history.

RAINBOW IN THE DARK TP COMPLETE SERIES

Comfort and Adam

What happens when a black-and-white, *Pleasantville*-like town gets taken over by a band of florescent, rainbow-gun toting rebels? Well, you get Harvey-nominated team Comfort and Adam's graphic novel *Rainbow in the Dark*—a hearty adventure that satisfies a desire for good narrative storytelling, compelling characters, and explosions of literal full-colored action!

A kind of *Rainbow Brite* meets classic cartoon *Gem*, the main character, Donna White, has to discover not only her own place in world, but she has to do it while fighting a group called "The Gloom"—a race of beings that have been brainwashing citizens of the world for generations into believing that their mundane, colorless lives are, in fact, a "perfect" reality. Donna, along with a group of eclectic refugees, fights to open all the minds trapped by "The Gloom" through utilizing the manifested power of free-thought, imagination, and music.

With characters you can really care about and fantastic action sequences you can really get into, Comfort and Adam's knack for wonderfully crafted storytelling and beautiful artwork meld together to produce a brilliantly paced and delightfully honest adventure I couldn't help but enjoy; it's a book that was truly hard to put down and I would definitely be something I would read again and again!

Dreary & Naughty

THE MISADVENTURES OF DREARY & NAUGHTY BOOK 1 HC

(W) John Lafleur
(A/CA) Shawn Dubin

The Misadventures of Dreary and Naughty introduces two new icons to the world of children's and teen literature. In a world where everyday is Halloween, this is a cautionary tale about the son of the Grim Reaper (Dreary) and the daughter of the Devil (Naughty), who are sent by their parents to attend high school with mortal children to learn about humanity and how "inhuman" high school years can be. Set in verse by John LaFleur and illustrated in black and white watercolor by Shawn Dubin, it is a story that reminds both young and old how it feels to be ostracized during our sometimes challenging school years. Embedded in the story is a gentle reminder of the importance of tolerance and true friendship, and how both can make school days go a little easier (STK624773)

DREARY & NAUGHTY BOOK 2: FRIDAY THE 13TH OF FEBRUARY HC

(W) John Lafleur
(A/CA) Shawn Dubin

In this sophomore tale of our otherworldly duo, Dreary and Naughty get off to an unlucky start on Valentine's Day weekend. All the boys of Whispering Hills High have a crush on Naughty, which drives a wedge between them (while Dreary is, well, dead to all the girls). Can their feelings for each other survive under the trials and tribulations of the dreaded Valentine's Day exchange? Taking us all back to the days when not everyone was remembered on the cardstock holiday, *Friday the 13th of February* is the perfect message about what's truly important in love and friendship (STK624774)

DREARY & NAUGHTY BOOK 3: THE ABCS OF BEING DEAD HC

(W) John Lafleur
(A/CA) Shawn Dubin

What do you want to be when you grow up? Dreary undergoes some remedial instruction from his father on what it means to be the harbinger of human demise and, in the process, reaffirms that he's not on the right path to the future he wants. Naughty explores a similar matter with her father, who is visibly disappointed in his daughter's intentions about her future. Featuring the introduction of many new characters from the Dark Side of Town, including the rest of the Four Horseman of the Apocalypse and their hair apparent sons. *The ABCs of Being Dead* is the perfect read for anyone trying to answer questions about what they're going to do with their lives. From the incomparable David Rakoff, a poignant, beautiful, witty, and wise novel in verse whose scope spans the twentieth century. *Love, Dishonor, Marry, Die, Cherish, Perish* leaps cities and decades as Rakoff sings the song of an America whose freedoms can be intoxicating, or brutal. Rakoff's insistence on beauty and the necessity of kindness in a selfish world raises the novel far above mere satire. HORROR

DIABOLIQUE #19

What with the waning output of many of the genre's most prolific filmmakers, horror has faced something of an identity crisis. While some legends behind the camera have either passed away or struggled to adapt their authorial styles to the changes of the current moment, others have simply opted to break free from the conventions of the macabre completely, trading in their body of work's horror-specific elements for ambitions of the genre-bending sort. This dramatic shift begs the question: *Which bold artistic voices are next to take the reins? Diabolique* #19 seeks to answer this very question, with interviews with everyone from modern auteurs like Vincenzo Natali, to seasoned greats working to maintain relevancy like Dario Argento, and many more. You'll soon find there is life after the "Masters of Horror." (STK626121) (Horror Unlimited) (C: 0-1-1)
Magazine, 60pgs, FC $9.98

FAMOUS MONSTERS OF FILMLAND #271

This December, *FM* pays tribute to one of cinema's most legendary monster makers, Ray Harryhausen. From friendly mechanical owls to misunderstood Venusians to giants bent on death and destruction, Ray Harryhausen took lumps of clay and didn't simply animate them, but breathed life into them, imbuing each with a unique soul. Films like *Jason and the Argonauts, The 7th Voyage of Sinbad, 20 Million Miles to Earth*, and *Clash of the Titans* made him a legend. But the man himself was just as dynamic as his work. UPDATED FOR 2013!

THE TALE OF THE TALES: CLASSIC HORROR ANTHOLOGIES

From the 1950s into the mid-'70s, horror anthologies were everywhere, telling small, encapsulated tales of shock, suspense, terror and monsters. Oh yes, in those days there were monsters. As the years progressed and superheroes began to once again rule the spinner racks, the anthologies fell out of favor... and a whole generation grew up never to know the joy of reading about zombies, ghosts, psychos and giant monsters doing what they do best.

Thankfully, there's always going to be someone to remember the old days for us. Whether they are a talented writer, major or minor publisher, or even just a dedicated fan, these people preserve/have preserved this material and have kept it available for us all to read and enjoy once more.

So, in these days leading up to the spookiest day of the year, Halloween, ***PREVIEWS*** celebrates the classic horror anthology with a look at what's available right now to help you get your scare on and set the mood for your October 31st.

HARVEY HORRORS ACG COLLECTED WORKS

American Horrors via the UK!

Published by the UK's PS Art Books, the *Harvey Horrors* and *ACG Collected Works* hardcovers are a treat for lovers of classic horror comics. These beautiful volumes feature handsome bindings and spot varnished covers, and reprint some of the most notorious pre-Code horror comics ever published. Harvey Comics, best known for their line of beloved children's characters like *Richie Rich*, *Hot Stuff* and *Little Dot* among others, was also one of the most unhinged publishers of horror comics in the pre-Code era, with many of their covers and stories marking them as above and beyond the norm. And ACG's line of titles was equally as infamous in their pre-Code days with titles such as *Adventures into the Unknown* and *Forbidden Worlds* taking readers to places they never dreamed of!

THE CREEPY AND EERIE ARCHIVES

Warren Publishing's *Creepy* magazine, and its companion title *Eerie*, were born out of the legacy of the EC Comics line. Edited by Russ Jones (and soon after Archie Goodwin), both series featured the works of such comics luminaries as Neal Adams, Dan Adkins, Reed Crandall, Johnny Craig, Steve Ditko, Frank Frazetta, Gray Morrow, John Severin, Angelo Torres, Alex Toth, Al Williamson and Wally Wood — many EC Comics alumni themselves — who blazed new trails in graphic storytelling.

PANG THE WANDERING SHAOLIN MONK VOLUME 2 HC

ICU Press

Calling all Usagi Yojimbo readers, kung-fu fanatics, and history buffs! Perhaps you missed when creator Ben Costa won a Xeric Grant and published volume 1 of Pang the Wandering Shaolin Monk [AUG101056]. Don't make the same mistake twice, not when Pang volume 2 is available through this month's catalog!

A sheltered soul raised from infancy in a seventeenth century Buddhist monastery, Pang is caught up in the bloody tides of history. Aristocratic Chinese military families vie for control of the Middle Kingdom, segregating the population by race, religion, and loyalties. Shaolin monks, famed for their fierce fighters and their allegiance to the deposed power, die by the thousands in raids on their remote temples. Through it all, the reader follows Pang, an innocent in the conflict, as he gains greater understanding of not just the politics that left him injured and homeless, but the people and the world outside his brotherhood.

Creator Ben Costa structures his story in a way that welcomes folks who don't know the first thing about feudal Chinese history without ever talking down to the reader or pulling his punches. Walking hand in hand with Pang, the reader learns as he learns and understands when those around him explain. The plot unfolds like a child growing up: starting in security, growing in awareness of trouble in his family, interacting with strangers, relying on new friends, traveling further from home, making the best possible decisions with limited knowledge—Pang sought enlightenment within his home, but it is outside the smoldering remains of his temple that he and the reader will find understanding of his place in history.

RICHARD STARK'S SLAYGROUND HC

IDW Publishing

Crime comics were born in the fifties and became one of the best selling genres of the decade. Back then crime didn't pay, justice trapped the guilty, and heroes were as tough as nails as were the crooks and killers. Compare that to the squeaky clean heroes of crime dramas of the early TV generation.

Darwyn Cooke continues the truly gritty and character-driven crime stories—adaptation of the next Richard Stark novel, Slayground, the fourth Parker crime thriller turned into a graphic novel narrative.

After Parker's getaway car crashes after a heist, he eludes capture by breaking into an amusement park that's closed for the winter. A pair of cops observed Parker's job and its aftermath and decide to go into business for themselves, with the help of some "business associates." It becomes a game of cat and mouse, played out through closed rides of the abandoned carnival, a game that slowly starts to favor the mouse. The abandoned amusement park is so film noir and Cooke is the perfect artist to depict the setting and the action within that setting.

By now you should be familiar with Darwyn Cooke's work primarily from his work on pre 52 Catwoman, The New Frontier, and his run on Will Eisner's The Spirit. Previous volumes in the Parker series are proof of how well an adaptation can work and, fortunately, all of those volumes remain available from IDW.

This is a dream collaboration between creator and subject. Few of these collaborations are successfully realized: Thomas & Buscema on Conan, Joe Kubert on Tarzan, Thomas and P. Craig Russell on Elric. We all have our wish lists of such projects and with the success of this series who knows what's next. Me, I'm waiting to see Robert Parker's Spenser, Mickey Spillane's Mike Hammer, John D. McDonald's Travis McGee, or Louis L'amour's Sackett series adapted.

Any Richard Stark graphic novel from IDW Publishing is on my must buy list, and I'm waiting for my SDCC 2012 copy of The Score.

Hunt this one up at your local comic book shop—it's a steal.

RAINBOW IN THE DARK TP COMPLETE SERIES

Comfort and Adam

What happens when a black-and-white, Pleasantville-like town gets taken over by a band of florescent, rainbow-gun toting rebels? Well, you get Harvey-nominated team Comfort and Adam's graphic novel Rainbow in the Dark—a hearty adventure that satisfies a desire for good narrative storytelling, compelling characters, and explosions of literal full-colored action!

A kind of Rainbow Brite meets classic cartoon Gem, the main character, Donna White, has to discover not only her own place in world, but she has to do it while fighting a group called "The Gloom"—a race of beings that have been brainwashing citizens of the world for generations into believing that their mundane, colorless lives are, in fact, a "perfect" reality. Donna, along with a group of eclectic refugees, fights to open all the minds trapped by "The Gloom" through utilizing the manifested power of free-thought, imagination, and music.

With characters you can really care about and fantastic action sequences you can really get into, Comfort and Adam's knack for wonderfully crafted storytelling and beautiful artwork meld together to produce a brilliantly paced and delightfully honest adventure I couldn't help but enjoy; it's a book that was truly hard to put down and I would definitely [illegible] something I would read again and again.

GODZILLA: RULERS OF EARTH TP

IDW Publishing

Everyone dreams of something when they sleep at night. Some people dream of sheep, some dream of a vacation on a tropical island, and some dream about terrorizing cities filled with helpless screaming human beings. Who dreams of that, you ask? Godzilla does. Godzilla is the type of animal the Baltimore Orioles' slugger Chris "Crush" Davis would have as a pet.

Godzilla dreams of destruction and IDW is bringing more of Godzilla's dreams to print with their new trade paperback, Godzilla: Rulers of Earth, but there is a difference: Godzilla is not the only show in town. Plenty of other kaiju are setting up shop and fighting for destruction dominance, not entirely unlike holiday gift buyers at the big box stores during Black Friday. Will Godzilla come out on top as kaiju supreme? Pick up a copy and find out for yourself, just keep it away from the map books on your shelf.

Godzilla is what the Hulk would turn into if the Hulk had the same friends as Alex Rodriguez.

He's mean, he's green, he's the original kaiju.

ADAPTED FROM THE GRAPHIC NOVEL BY WARREN ELLIS & ADI GRANOV
COVER BY ADI GRANOV

Iron Man was forged out of advanced technology, but now that same future tech threatens to doom Tony Stark. A dangerous terrorist has ingested a techno-organic virus called Extremis, transforming him into a superhuman killing machine. Now immensely powerful, but driven mad by the virus' effects, the Extremis creature seems unstoppable. To halt this madman's psychotic rampage, Iron Man must face the Extremis virus head-on — in a life-or-death battle that will drive Tony Stark closer than ever to the thin line between man and machine. Experience Warren Ellis's blockbuster reimagining of the armored Avenger like never before in this new adaptation!

When the Scarlet Witch is shot down in broad daylight, everyone is a suspect! What secret is exposed that ruins Iron Man? Who is hiding behind The Black Panther's mask? This action-packed murder mystery also features The Hulk, Spider-Man and Wolverine as well as the first appearance of the Black Panther.
